## GTEQ Audio Conferencing Solution

Pressures on time resources and the adverse effect of travel on the environment have caused an increased demand for conferencing facilities. GTEQ Solutions offers you a simple cost effective hosted audio conferencing solution designed to add value to your business. With no capital investment the service can be branded to suit your needs and the needs of your customer.

### Audio conference numbers

Select from a range of geographic and non-geographic numbers including 0800 0844 and 0871. All numbers are charged at your current rates so there is no additional cost to use the service.

### Setting up an audio conference

Conference calls can be pre-arranged on-demand or even set up remotely. Participants can be sent their conference call details automatically or they can simply dial in using an existing PIN of your choice.

### Record your audio conferences

No need to take notes or worry that you have missed an important point. The GTEQ audio conference facility gives you the option to record your conferences which are then delivered to the specified email address once the conference has finished.

### Reporting

Keep in control of your conferences with a full suite of real-time downloadable reports including call data records (CDRs)

### Benefits to your business
